

SHARP CONTESTS IN CALIFORNIA PRIMARIES TO-DAY

Chief Interest Centres in the
Fight Against Hiram
Johnson.

SAN FRANCISCO, Aug. 29.—General fair weather, a record registration and sharply contested race for an important nomination, were factors combining to-day to indicate a heavy vote in California's primaries. The posts for which nominations are to be made comprise everything from United States Senator to Justices of the Peace.

The registration is overwhelmingly Republican, 927,048 persons—a plurality in every county and a majority in most—having signified their allegiance to that party. The record Democratic strength was 305,658; the Socialist, 25,511, and the Prohibitionist, 21,250. Those who decline to state their political preference when registering numbered 172,789, and the remainder of the total of 1,452,292 were classed as "miscellaneous" in the official record.

The contest attracting chief interest is that between Hiram Johnson, incumbent, and C. C. Moore for the Republican nomination for Governor. Upson Sinclair of Pasadena, writer, is unopposed for the Socialist Senatorial nomination.

The races for the Republican gubernatorial nomination and for the Lieutenant Governorship on the same ticket also are receiving much interest. These were contested vigorously by Gov. William D. Stephens and Friend W. Richardson, State Treasurer, and C. C. Young, incumbent, and Joseph A. Rominger, respectively. Matthew B. Jones, Los Angeles attorney, and Thomas Lee Woolwine, District Attorney for Los Angeles, are seeking the Democratic gubernatorial nomination, and Jones also seeks Prohibition endorsement for the office.

Here's One Way of Making Town Dry, 100 Stills Use Up All the Water

Citizens of Frostburg, Maryland, Warned to Stop Making So Much Hooch as Supply Becomes Exhausted.

FROSTBURG, Md., Aug. 29.—The town authorities attribute the great shortage of water here to moonshining.

It is estimated 100 stills are located in Frostburg, Md., and that each still consumes an average of ninety gallons an hour, or nearly 2,000 gallons for the time in operation to make one batch of "hooch."

A hundred stills would use 200,000 gallons of water, or the exact amount in excess of the present water supply.

estimated by an expert from Baltimore as needed by a town the size of Frostburg. It is estimated that the average still will use as much water as twenty families. The Frostburg water supply is now so low that the authorities have sent out a warning to use it sparingly.

WAGNER COMING TO J. S.

Composer's Son Seeks to Stir Interest in Bayreuth Festival.

BAYREUTH, Bavaria, Aug. 29.—Siegfried Wagner will leave for America shortly for the purpose of stimulating support for the revival in 1924 of Bayreuth's annual festival of Wagnerian operas, which has been suspended for a decade. Six million marks have already been raised through the issue of shares. This is regarded as insufficient, however, and a further issue of stock is impossible owing to the limited number of available seats. Voluntary contributions now are being sought.

SAYS WIFE NOT HIS; SEEKS ANNULMENT

Former Marriage Still in Force, Magazine Man Charges.

Nelson J. Peabody, advertising manager for the Atlantic Monthly, yesterday filed suit in the County Clerk's office for an annulment of his marriage to Mrs. Lois Sargent Peabody, who, he says, is also known as Bernice Peabody. They were married at South Bond, Ind., Oct. 6, 1919, and Peabody says his wife's marriage to James Sargent was still in full force and effect on that day.

LANDED WITH HIS FIST, BOTH HIS SHOTS MISSED

Carmines Himself a Better Punctilist Than Marksman.

An Anthony Polo, forty-eight, of No. 443 Third Avenue, Brooklyn, was sitting on the steps of his mother's home, at No. 122 Ninth Street, Brooklyn, last night, a young Italian called him to the street and said:

"I'm going to get you."

He struck Polo in the jaw, then drew a revolver and fired two shots at him, both missed.

Polo ran and didn't stop until he reached Second Avenue and 17th Street, a quarter of a mile away. He told Detectives McGowan and Quinn that he believed the man who fired at him was a connection by marriage. He only knows this man's first name, which is Carmines.
